BRIGHT FROM THE WELL: NORTHERN TALES IN THE MODERN WORLD

Mandrake of Oxford. Paperback. Book Condition: new. BRAND NEW, Bright from the Well: Northern Tales in the Modern World, Dave Lee, We change and develop 'the past' with narrative, and we create 'the future' by re-mixing the stored elements in order to continue it onwards. All the verbal tenses cluster around the same mighty place, the same source of narrative and mythic significance. The people had a name for this place: the Well of Urdhr, Anglo-Saxon wyrd, one of three Norns of fate, Urdhr, Verdhandi and Skuld, who cluster around the Well. These Norns are mighty beings, beyond and above the gods, in the sense that they are eternal and know the fates, the rise and fall of the gods themselves. They are watchers of the Well and helpers to the Tree. The Tree, which contains all the worlds in present time, all the branches of the Now, is nourished at its roots by the Well's waters. 'Bright From the Well' consists of five stories plus five essays and a rune-poem. The stories revolve around themes from Norse myth - the marriage of Frey and Gerd, the story of how Gullveig-Heidh reveals her powers to the gods, a modern take on the social-origins myth Rig's Tale, Loki attending a pagan pub moot and the Ragnarok seen through the eyes of an ancient shaman. The essays include examination of the Norse creation or origins story, of the magician in or against the world and a chaoist's magical experiences looked at from the standpoint of Northern magic.' Dave Lee coaches breathwork, writes fiction and non-fiction, blends incenses and oils, creates music and collage.
