Reviews

It is fantastic and great. It is written in easy words and phrases instead of confusing. I am just delighted to explain how this is actually the best book I have ever read through during my individual life and might be the finest publication for ever.

For at least one (and generally more) of the aircraft in the list associated with a given engine, the decision to use the engine was made when the engine was in the final stages of development. (In the case of the J -57, J-79, andJ-75 this is true of nearly all the aircraft listed.) No list extends beyond 1956. Summary For an engine developed independently of an airframe the developer may constrain the performance, weight, and size of an engine at the start. 330 pp. English.
