

The Origin of Species by Means of Natural Selection, 6th Edition - The Original Classic Edition

By Charles Darwin

Emereo Classics, Australia, 2012. Paperback. Book Condition: New. 246 x 188 mm. Language: English . Brand New Book ***** Print on Demand *****.There is only one other book that is so widely known, discussed, and debated, yet so rarely read: that other book is the Bible. To make my point, here is a little quiz: 1) Which name is most closely associated with the theory of evolution? 2) Which book did this person write on evolution? 3) What claims are made in that book? 4) What else is contained in that book? With astonishing regularity, the average literate adult will respond as follows: 1) Darwin, 2) Origin of Species, 3) Humans descended from apes, and 4) I have no idea. The first two are correct, the third is absolutely false, and the fourth is an admission of complete ignorance. Considering that Origin of Species is long, and took nearly two decades to write, one would expect it to contain something more than the four simple words Humans descended from apes, which, in fact, it neither contains nor implies. So, what DOES it contain? There is one word that best summarizes the bulk of Darwins magnum opus: observation. It is a...
