Reviews

It is just one of my personal favorite publications. It is among the most awesome publications I have read. It is extremely difficult to leave it before concluding, once you begin to read the book.

The girl was pinned, helpless. The animal on top of her was too big to be an ordinary wolf: razor claws, a muscular, human-like upper body. It was a werewolf, like Danny. His nightmare had followed him here, to a place where he thought he was safe. In this exciting sequel to Lone Wolf, Danny is alone, on the run, in a new town. During the day he works in a local kebab shop. At night he tries to control his werewolf appetites. However, he will not be on his own for long.
