

## Information Technology (IT) in the Indian Economy: Policies, Prospects and Challenges

By M.S. Bhatt & Asheref Illiyan (Eds)

New Century Publications, 2009. Hardcover. Book Condition: New. India has emerged over the last 20 years as the most preferred destination for outsourcing of Information Technology (IT) services. The vibrant IT industry is contributing immensely by providing information about latest technology and international business practices. Various sectors of the Indian economy, such as industry, finance, insurance, communications and transport, have adopted IT in a big way. Trade in IT and IT-enabled services has been the main driver of growth in India's trade in services in recent years. Starting out with basic data entry tasks, the industry has rapidly acquired a reputation as the primary lowcost destination for voice-based customer contact/support services, finance and accounting, and a range of back-office processing activities. The past few years have seen the scope of these services expanding to include increasingly more complex processes involving rule-based decision making and research/analytics services requiring informed individual judgment and domain/vertical knowledge. Indian companies adopt all the modes for supply of IT services abroad. The larger companies have set up wholly-owned subsidiaries in USA, UK and the European continent or have opened branches to facilitate the supply of services. Some of them have adopted the strategy of acquiring local...
